If there is a guitar amp (we will bring one on no-fly dates), it will be mic'd up. If not, he will use a DI and would like a 2nd monitor just for guitar. He will also need a DI for a piezo AC pickup,
Center VOX will require a DI for electric guitar and a DI for acoustic. Center VOX will prefer a straight stand.
Bass and keys will be played by the same person. One DI for bass guitar, and one DI for mono key line. If there is a bass amp, it will be used.
Fiddle will require a DI.
The drummer will have his own microphone and hard wired IEM.
